### Teamwork & Communication – 5 Days

Suitable for Grades 6-13

“Many people are slightly annoyed by the by the often catastrophic team structures, notorious shirkers and boastful posers”, is what came out of a case study.

TEAM – Perfect, the rest can work, I will just stand on the side... this is often the case. However, in this way, one cannot succeed!

In this class outing to Oberwiesenthal, we educate the scholars on the basics of teamwork and team training. This is done through various exercises as well as leadership and trust games. Interaction and communication are a necessity for good teamwork. The scholars will also be taught the basics of GPS-systems. Orientation is transferred to the scholars in the form of a hide and seeks tour at the Fichtelberg in the Ore Mountains by using a map and compass. At the end of the trip, we hope to achieve this: TEAM - Together Everyone Achieves More!

In preparation for the Project week, we will supply the following:

- Information sheet for Summer (everything one needs to know regarding the Project week)
- Letter of consent for the parents
